Process

- Competitors and support crew please contact the groups desk on Phone 0800 878 898
- When calling they must state they are attending the **Gold Rush** event and quote "**wh5422**"
- They will be given a booking number and payment date . It is important payment is made by this date otherwise the booking will auto expire without notice .
- Once ticketed bookings incur a 10% cancellation fee . This is a less restrictive condition than most normal fares .

- Bookings will be made on a first come first served basis.
- Any travel requirements outside of these sailings and days must be booked at the normal rates .

Rates are all **one way (double for return)** and valid for specified days.

Important things to note :

- Only Table A vehicles are available on this rate plus trailers .
- It is extremely important to gather the correct vital information in full .

i.e. competitors must be able to provide their normal details plus the total length and height of each vehicle as it will look when loading onto the ferry .
 This is important as some of the space used may be under a mezzanine floor and high vehicles will not fit into this space .

*****Important*****

- *The length must be from the furthest overhang at each end--includes towbars with bikes etc., plus the overhang of kayaks .*

- They must advise if the vehicle they are travelling in is a 4 wheel drive .
- Please note these rates are for the March 2010 event only and do not imply they will be available for future Gold Rush events.
